HIGHLIGHTS

A vibrant school atmosphere in the historic coastal city of Portsmouth!

- Progressive timetable meaning unlike other UK schools there are no free periods for students. Instead, students are involved in many activities designed to improve their outlooks with the E6 programme. The E6 programme is unique to Portsmouth College and offers a 6-strand initiative focusing on Enterprise, Employability, Experience, Extension, Exercise and Explore.
- Innovative use of iPads in lessons.
- Wide range of courses available with modern learning facilities.
- Fantastic coastal location in sunny Portsmouth- a modern city with a rich maritime and naval history.
- Excellent specialist course in Elite Football, plus A Level Architecture and BTEC Criminology- two superb courses which are only available at a few selected colleges in the UK.
