

Shared accommodation

This type is ideal for anyone looking for rewarding social interaction with great new friends. Most of the rooms are located at our **Villa Caterina**. Each apartment has a bathroom, a kitchen, common area, terrace or balcony, garden, and two or three bedrooms.

As for services, each apartment is always equipped with a TV, washing machine, air conditioning, internet Wi-fi, and everything you need for a quality stay.

The highlight of these accommodations is definitely the **open space**, where you also find chairs and tables as well as a ping-pong table.

We often organize cooking classes, outdoor barbecue, open-air film club, and many other activities. From the photos, you can see that there is also a view overlooking the sea and private parking.

The distance to the **Italian language school Solemar Academy** is only 900 meters and to getting to the old town takes at most 10 minutes. In the immediate vicinity of the villa there is a grocery store, a pizzeria (said to make the best pizza in Cefalu) and a wine seller.

At the check in you get the **Solemar Academy Card**, with which you get cheaper prices at selected restaurants, shops, and hairdressers in **Cefalù**.
