Use this timetable as a guide to all our courses. The number of subjects a student studies depends on the course and a maximum of five subjects can be timetabled. 5 hours of tuition per subject per week for all A Level courses in the first year and 5 hours 40 minutes per subject per week in the second year.

To give you the best chance of success:

- Every subject will dedicate a 40 minute lesson per week to revision, exam technique and subject related themes
- In addition, you will receive an extra 40 minute class in every subject per week, in your second year
